

LETTER OF RECOMENDATION

October 15, 2023

I am writing to recommend Jai Kiran. Jai Kiran worked with us at Intervie Tech as a Data Analyst Intern and reported to me in my position as CEO of the Company. As an employee, Jai Kiran was always hard working and honest. During his time in my team, he managed to complete all the tasks and project provided by me on time. I've always put a premium on following the deadlines among my team members and Jai Kiran never failed to deliver. It feels delighted to work with him and I wouldn't hesitate to hire him again.

Thanks,

Rishabh Goyal

CEO
